

Satellite Tracking Warranty APD

It is hereby warranted that:

- 1) all combined units valued at \$100,000 or more covered under this policy are fitted with satellite tracking systems which are set into effective operation at all times, and
- 2) such systems have panic devices from which alarm signals are monitored on a 24 hour basis, and
- 3) such trucks operate only within the operating range of the tracking system.

All other terms and conditions remain unchanged.
